Cancel

### Native RDP

Connect from your local machine (Windows)

Switch local machine OS

- Configure prerequisites for Native RDP**  
Azure needs to configure some features in order to connect to the VM.
  - Prerequisites configured**
    - Port 3389 access**  
Port 3389 on this virtual machine is accessible from the local machine IP (223.187.122.176). [Learn about Just in Time configuration](#)
    - Public IP address**  
A public IP address is required to connect via this connection method.
- Open Remote Desktop Connection (on Windows)**  
Open Remote Desktop Connection. Or change your local machine operating system to view more instructions. [Learn more](#)
- Download and open the RDP file**  
Download and open the RDP file to connect to the virtual machine.  
Username: Himanth
